The Servant Leader’s Philosophy:

- To give young people – the leaders who will build and shape our communities while displaying Servant Leadership – every opportunity to be prepared for the future.
- Servant Leadership is a way of life that influences, models, supports, and encourages people to serve others first. It is a way to personally develop and pursue excellence in every area of life.
- We strive to engage youth in their communities to continuously improve their self-esteem, develop a sense of citizenship and an ethic of service, and become stronger leaders of our future.
